Re: Letter of Reference

To Whom it May Concern,

I am privileged to write in support of our long time client and friend Glen Larson of Dock and Marine Construction, Inc. We have been fortunate to be associated with Glen and his organization since 2001.

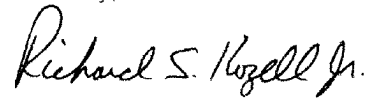

I have been in this business for 22 years and know many businessmen within the Marine Construction Industry. Glen is ranked at the very top of his field and is well respected by both my and his competitors.

The professionalism, cooperation and willingness to be flexible by Glen when dealing with a supplier glitch is very well appreciated by the management within our company and especially myself as the owner. The outstanding business practices and ethics of Dock and Marine Construction are a direct reflection on Glen and his skills as a businessman.

We at Southern Pine Lumber Company of Boynton Beach, Inc., are proud to add our voice and sincere recommendation for Glen Larson without hesitation.

Thank you for the opportunity of correspondence,

Sincerely,

Richard S. Kozell, Jr., as its President
